

# La Vie est Belle

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878  
Issue date: 10/14/2020 Revision date: 3/22/2023 Supersedes version of: 3/22/2022 Version: 2.0

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|                 |                        |
|-----------------|------------------------|
| Product form    | : Mixture              |
| Product name    | : La Vie est Belle     |
| UFI             | : EK0G-03MP-S00E-VS57  |
| Product code    | : parf_lavie_belle     |
| Type of product | : Perfumes, fragrances |
| Product group   | : Trade product        |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

##### 1.2.1. Relevant identified uses

|                                  |                                           |
|----------------------------------|-------------------------------------------|
| Main use category                | : Professional use, Industrial use        |
| Industrial/Professional use spec | : Industrial<br>For professional use only |
| Use of the substance/mixture     | : Perfumes, fragrances                    |
| Function or use category         | : Odour agents                            |

##### 1.2.2. Uses advised against

No additional information available

#### 1.3. Details of the supplier of the safety data sheet

BAKED GAMES SRL  
ROMANIA, BUCHAREST, SECTOR 4  
+40771326626  
contact@kitlumanari.ro | www.kitlumanari.ro

#### 1.4. Emergency telephone number

|                  |                                                                                                                                          |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Emergency number | : 1-800-255-3924; +01-813-248-0585; China: +400-120-0751; Mexico: +01-800-099-0731;<br>Brazil: +0-800-591-6042; India: +000-800-100-4086 |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### Classification according to Regulation (EC) No. 1272/2008 [CLP]

|                                                                   |      |
|-------------------------------------------------------------------|------|
| Acute toxicity (oral), Category 4                                 | H302 |
| Skin sensitisation, Category 1                                    | H317 |
| Hazardous to the aquatic environment – Chronic Hazard, Category 2 | H411 |
| Full text of H- and EUH-statements: see section 16                |      |

##### Adverse physicochemical, human health and environmental effects

Harmful if swallowed. Toxic to aquatic life with long lasting effects. May cause an allergic skin reaction.

#### 2.2. Label elements

##### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

Hazard pictograms (CLP)

Signal word (CLP)

: Warning

# La Vie est Belle

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

|                                |                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Contains                       | : Benzyl benzoate, Cedramber, Iso E Super, Linalool, Benzyl salicylate, Helional, Bergamot oil, Linalyl acetate, ACETYL HEXAMETHYL TETRALIN, Bourgeonal, Vertenex, Citronellol Pure, Triplal (Vertocitral), Trimofix O, Cashmeran, COUMARIN                                                                                                                                                                                      |
| Hazard statements (CLP)        | : H302 - Harmful if swallowed.<br>H317 - May cause an allergic skin reaction.<br>H411 - Toxic to aquatic life with long lasting effects.                                                                                                                                                                                                                                                                                         |
| Precautionary statements (CLP) | : P261 - Avoid breathing dust/fume/gas/mist/vapours/spray.<br>P264 - Wash hands, forearms and face thoroughly after handling.<br>P270 - Do not eat, drink or smoke when using this product.<br>P272 - Contaminated work clothing should not be allowed out of the workplace.<br>P273 - Avoid release to the environment.<br>P280 - Wear protective gloves/protective clothing/eye protection/face protection/hearing protection. |
| Extra phrases                  | : For professional users only.                                                                                                                                                                                                                                                                                                                                                                                                   |

### 2.3. Other hazards

Contains no PBT/vPvB substances  $\geq 0.1\%$  assessed in accordance with REACH Annex XIII

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1 %

## SECTION 3: Composition/information on ingredients

### 3.1. Substances

Not applicable

### 3.2. Mixtures

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|                                       |                                                                                                                                    |
|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures general            | : Call a poison center or a doctor if you feel unwell.                                                                             |
| First-aid measures after inhalation   | : Remove person to fresh air and keep comfortable for breathing.                                                                   |
| First-aid measures after skin contact | : Wash skin with plenty of water. Take off contaminated clothing. If skin irritation or rash occurs: Get medical advice/attention. |
| First-aid measures after eye contact  | : Rinse eyes with water as a precaution.                                                                                           |
| First-aid measures after ingestion    | : Rinse mouth. Call a poison center or a doctor if you feel unwell.                                                                |

### 4.2. Most important symptoms and effects, both acute and delayed

|                                     |                                        |
|-------------------------------------|----------------------------------------|
| Symptoms/effects after skin contact | : May cause an allergic skin reaction. |
|-------------------------------------|----------------------------------------|

### 4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|                              |                                                  |
|------------------------------|--------------------------------------------------|
| Suitable extinguishing media | : Water spray. Dry powder. Foam. Carbon dioxide. |
|------------------------------|--------------------------------------------------|

### 5.2. Special hazards arising from the substance or mixture

|                                                  |                                |
|--------------------------------------------------|--------------------------------|
| Hazardous decomposition products in case of fire | : Toxic fumes may be released. |
|--------------------------------------------------|--------------------------------|

### 5.3. Advice for firefighters

|                                |                                                                                                                                          |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Protection during firefighting | : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

#### 6.1.1. For non-emergency personnel

|                      |                                                                                                                |
|----------------------|----------------------------------------------------------------------------------------------------------------|
| Emergency procedures | : Ventilate spillage area. Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapours/spray. |
|----------------------|----------------------------------------------------------------------------------------------------------------|

# La Vie est Belle

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 6.1.2. For emergency responders

Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".

### 6.2. Environmental precautions

Avoid release to the environment.

### 6.3. Methods and material for containment and cleaning up

For containment : Collect spillage.  
Methods for cleaning up : Take up liquid spill into absorbent material.  
Other information : Dispose of materials or solid residues at an authorized site.

### 6.4. Reference to other sections

For further information refer to section 13.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment. Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapours/spray.  
Hygiene measures : Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a well-ventilated place. Keep cool.  
Storage temperature : 25 °C  
Storage area : Store in a well-ventilated place. Store away from heat.  
Special rules on packaging : Store in a closed container.  
Packaging materials : Do not store in corrodable metal.

### 7.3. Specific end use(s)

No additional information available

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### 8.1.1 National occupational exposure and biological limit values

| Bis(2-ethylhexyl) adipate (103-23-1)   |                       |
|----------------------------------------|-----------------------|
| Poland - Occupational Exposure Limits  |                       |
| NDS (OEL TWA)                          | 400 mg/m <sup>3</sup> |
| Benzyl acetate (140-11-4)              |                       |
| Belgium - Occupational Exposure Limits |                       |
| OEL TWA                                | 62 mg/m <sup>3</sup>  |
| OEL TWA [ppm]                          | 10 ppm                |
| Denmark - Occupational Exposure Limits |                       |
| OEL TWA [1]                            | 61 mg/m <sup>3</sup>  |
| OEL TWA [2]                            | 10 ppm                |

| VLA-ED (OEL TWA) [2]                       | 10 ppm                                      |
| USA - ACGIH - Occupational Exposure Limits |                                             |
| ACGIH OEL TWA [ppm]                        | 10 ppm                                      |
| ACGIH chemical category                    | Not Classifiable as a Human Carcinogen      |

### 8.1.2. Recommended monitoring procedures

No additional information available

### 8.1.3. Air contaminants formed

No additional information available

### 8.1.4. DNEL and PNEC

No additional information available

### 8.1.5. Control banding

No additional information available

## 8.2. Exposure controls

### 8.2.1. Appropriate engineering controls

#### Appropriate engineering controls:

Ensure good ventilation of the work station.

### 8.2.2. Personal protection equipment

Personal protective equipment symbol(s):

# La Vie est Belle

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 8.2.2.1. Eye and face protection

#### Eye protection:

Safety glasses

### 8.2.2.2. Skin protection

#### Skin and body protection:

Wear suitable protective clothing

#### Hand protection:

Protective gloves

### 8.2.2.3. Respiratory protection

#### Respiratory protection:

In case of insufficient ventilation, wear suitable respiratory equipment

### 8.2.2.4. Thermal hazards

No additional information available

### 8.2.3. Environmental exposure controls

#### Environmental exposure controls:

Avoid release to the environment.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                                 |                                   |
|-------------------------------------------------|-----------------------------------|
| Physical state                                  | : Liquid                          |
| Colour                                          | : light yellow. amber.            |
| Odour                                           | : characteristic. characteristic. |
| Odour threshold                                 | : Not available                   |
| Melting point                                   | : Not applicable                  |
| Freezing point                                  | : Not available                   |
| Boiling point                                   | : Not available                   |
| Flammability                                    | : Not applicable                  |
| Explosive limits                                | : Not available                   |
| Lower explosion limit                           | : Not available                   |
| Upper explosion limit                           | : Not available                   |
| Flash point                                     | : > 93 °C (closed cup) ASTM D7094 |
| Auto-ignition temperature                       | : Not available                   |
| Decomposition temperature                       | : Not available                   |
| pH                                              | : Not available                   |
| Viscosity, kinematic                            | : Not available                   |
| Solubility                                      | : Not available                   |
| Partition coefficient n-octanol/water (Log Kow) | : Not available                   |
| Vapour pressure                                 | : Not available                   |
| Vapour pressure at 50°C                         | : Not available                   |
| Density                                         | : Not available                   |
| Relative density                                | : 0.96                            |
| Relative vapour density at 20°C                 | : Not available                   |
| Particle characteristics                        | : Not applicable                  |

### 9.2. Other information

#### 9.2.1. Information with regard to physical hazard classes

No additional information available

#### 9.2.2. Other safety characteristics

No additional information available

# La Vie est Belle

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

#### 10.5. Incompatible materials

No additional information available

#### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### SECTION 11: Toxicological information

#### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

Acute toxicity (oral) : Harmful if swallowed.  
Acute toxicity (dermal) : Not classified  
Acute toxicity (inhalation) : Not classified

##### La Vie est Belle

|                |                           |
|----------------|---------------------------|
| ATE CLP (oral) | 1648.685 mg/kg bodyweight |
|----------------|---------------------------|

##### Bis(2-ethylhexyl) adipate (103-23-1)

|                       |               |
|-----------------------|---------------|
| LD50 oral rat         | 5600 mg/kg    |
| LD50 dermal rabbit    | 8410 mg/kg    |
| LC50 Inhalation - Rat | > 5.7 mg/l/4h |

##### Benzyl benzoate (120-51-4)

|                    |                       |
|--------------------|-----------------------|
| LD50 oral rat      | 500 mg/kg             |
| LD50 oral          | 1500 mg/kg bodyweight |
| LD50 dermal rabbit | 4000 mg/kg            |
| LD50 dermal        | 4000 mg/kg bodyweight |

##### Linalool (78-70-6)

|           |                       |
|-----------|-----------------------|
| LD50 oral | 2790 mg/kg bodyweight |
|-----------|-----------------------|

##### Benzyl salicylate (118-58-1)

|                    |                       |
|--------------------|-----------------------|
| LD50 oral rat      | 2227 mg/kg            |
| LD50 oral          | 2200 mg/kg bodyweight |
| LD50 dermal rabbit | > 5000 mg/kg          |

##### Helional (1205-17-0)

|                    |              |
|--------------------|--------------|
| LD50 dermal rabbit | > 2000 mg/kg |
|--------------------|--------------|

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### ACETYL HEXAMETHYL TETRALIN (21145-77-7)

|                                                 |                |
|-------------------------------------------------|----------------|
| Partition coefficient n-octanol/water (Log Pow) | 5.7 (at 24 °C) |
|-------------------------------------------------|----------------|

### bourgeonal (18127-01-0)

|                                                 |                         |
|-------------------------------------------------|-------------------------|
| Partition coefficient n-octanol/water (Log Pow) | 3.2 (at 20 °C (at pH 7) |
|-------------------------------------------------|-------------------------|

### Benzyl acetate (140-11-4)

|                                                 |                          |
|-------------------------------------------------|--------------------------|
| Partition coefficient n-octanol/water (Log Pow) | 1.96 (at 25 °C (at pH 7) |
|-------------------------------------------------|--------------------------|

### Vertenex (32210-23-4)

|                                                 |                |
|-------------------------------------------------|----------------|
| Partition coefficient n-octanol/water (Log Pow) | 4.8 (at 25 °C) |
|-------------------------------------------------|----------------|

### Citronellol Pure (106-22-9)

|                                                 |                 |
|-------------------------------------------------|-----------------|
| Partition coefficient n-octanol/water (Log Pow) | 3.41 (at 25 °C) |
|-------------------------------------------------|-----------------|

### Trimofix O (144020-22-4)

|                                                 |                                                     |
|-------------------------------------------------|-----------------------------------------------------|
| Partition coefficient n-octanol/water (Log Pow) | 5.3 – 5.8 (at 25 °C (at pH $\geq 7$ - $\leq 7.3$ )) |
|-------------------------------------------------|-----------------------------------------------------|

### Cashmeran (33704-61-9)

|                |                                      |

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

HP Code

: HP3 - "Flammable:"  
– flammable liquid waste: liquid waste having a flash point below 60 °C or waste gas oil, diesel and light heating oils having a flash point > 55 °C and ≤ 75 °C;  
– flammable pyrophoric liquid and solid waste: solid or liquid waste which, even in small quantities, is liable to ignite within five minutes after coming into contact with air;  
– flammable solid waste: solid waste which is readily combustible or may cause or contribute to fire through friction;  
– flammable gaseous waste: gaseous waste which is flammable in air at 20 °C and a standard pressure of 101.3 kPa;  
– water reactive waste: waste which, in contact with water, emits flammable gases in dangerous quantities;  
– other flammable waste: flammable aerosols, flammable self-heating waste, flammable organic peroxides and flammable self-reactive waste.  
HP6 - "Acute Toxicity:" waste which can cause acute toxic effects following oral or dermal administration, or inhalation exposure.  
HP14 - "Ecotoxic:" waste which presents or may present immediate or delayed risks for one or more sectors of the environment

##### REACH Annex XIV (Authorisation List)

Contains no substance(s) listed on REACH Annex XIV (Authorisation List)

##### REACH Candidate List (SVHC)

Contains no substance(s) listed on the REACH Candidate List

##### PIC Regulation (Prior Informed Consent)

Contains no substance(s) listed on the PIC list (Regulation EU 649/2012 concerning the export and import of hazardous chemicals)

##### POP Regulation (Persistent Organic Pollutants)

Contains no substance(s) listed on the POP list (Regulation EU 2019/1021 on persistent organic pollutants)

##### Ozone Regulation (1005/2009)

Contains no substance(s) listed on the Ozone Depletion list (Regulation EU 1005/2009 on substances that deplete the ozone layer)

##### Explosives Precursors Regulation (2019/1148)

Contains no substance(s) listed on the Explosives Precursors list (Regulation EU 2019/1148 on the marketing and use of explosives precursors)

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### Drug Precursors Regulation (273/2004)

Contains no substance(s) listed on the Drug Precursors list (Regulation EC 273/2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances)

### 15.1.2. National regulations

#### Germany

- Employment restrictions : Observe restrictions according Act on the Protection of Working Mothers (MuSchG).  
Observe restrictions according Act on the Protection of Young People in Employment (JArbSchG).
- Water hazard class (WGK) : WGK 3, Highly hazardous to water (Classification according to AwSV, Annex 1).
- Hazardous Incident Ordinance (12. BImSchV) : Is not subject of the Hazardous Incident Ordinance (12. BImSchV)

#### Netherlands

- ABM category : A(1) - highly toxic for aquatic organisms, may have longterm hazardous effects in aquatic environment
- SZW-lijst van kankerverwekkende stoffen : Bergamot oil, Triplal (Vertocitral) are listed
- SZW-lijst van mutagene stoffen : Bergamot oil, Triplal (Vertocitral) are listed
- SZW-lijst van reprotoxische stoffen – Borstvoeding : None of the components are listed
- SZW-lijst van reprotoxische stoffen – Vruchtbaarheid : None of the components are listed
- SZW-lijst van reprotoxische stoffen – Ontwikkeling : None of the components are listed

#### Denmark

- Classification remarks : Emergency management guidelines for the storage of flammable liquids must be followed
- Danish National Regulations : Young people below the age of 18 years are not allowed to use the product  
Pregnant/breastfeeding women working with the product must not be in direct contact with the product

#### Switzerland

- Storage class (LK) : LK 10/12 - Liquids

### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out

|                           |                                                                    |
|---------------------------|--------------------------------------------------------------------|
| Acute Tox. 3 (Dermal)     | Acute toxicity (dermal), Category 3                                |
| Acute Tox. 3 (Inhalation) | Acute toxicity (inhal.), Category 3                                |
| Acute Tox. 3 (Oral)       | Acute toxicity (oral), Category 3                                  |
| Acute Tox. 4 (Oral)       | Acute toxicity (oral), Category 4                                  |
| Aquatic Acute 1           | Hazardous to the aquatic environment – Acute Hazard, Category 1    |
| Aquatic Chronic 1         | Hazardous to the aquatic environment – Chronic Hazard, Category 1  |
| Aquatic Chronic 2         | Hazardous to the aquatic environment – Chronic Hazard, Category 2  |
| Aquatic Chronic 3         | Hazardous to the aquatic environment – Chronic Hazard, Category 3  |
| Asp. Tox. 1               | Aspiration hazard, Category 1                                      |
| Eye Irrit. 2              | Serious eye damage/eye irritation, Category 2                      |
| Flam. Liq. 3              | Flammable liquids, Category 3                                      |
| H226                      | Flammable liquid and vapour.                                       |
| H301                      | Toxic if swallowed.                                                |
| H302                      | Harmful if swallowed.                                              |
| H304                      | May be fatal if swallowed and enters airways.                      |
| H311                      | Toxic in contact with skin.                                        |
| H315                      | Causes skin irritation.                                            |
| H317                      | May cause an allergic skin reaction.                               |
| H319                      | Causes serious eye irritation.                                     |
| H331                      | Toxic if inhaled.                                                  |
| H361                      | Suspected of damaging fertility or the unborn child.               |
| H373                      | May cause damage to organs through prolonged or repeated exposure. |
| H400                      | Very toxic to aquatic life.                                        |
| H410                      | Very toxic to aquatic life with long lasting effects.              |
| H411                      | Toxic to aquatic life with long lasting effects.                   |

# La Vie est Belle

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### Full text of H- and EUH-statements:

|               |                                                                |
|---------------|----------------------------------------------------------------|
| H412          | Harmful to aquatic life with long lasting effects.             |
| Repr. 2       | Reproductive toxicity, Category 2                              |
| Skin Irrit. 2 | Skin corrosion/irritation, Category 2                          |
| Skin Sens. 1  | Skin sensitisation, Category 1                                 |
| Skin Sens. 1B | Skin sensitisation, category 1B                                |
| STOT RE 2     | Specific target organ toxicity – Repeated exposure, Category 2 |

The classification complies with : ATP 12

Safety Data Sheet (SDS), EU
